Release Preview

Preview the API changes

Explore upcoming changes in the Agile Process Teams, version 2025.5.0 release. To learn more about the Process Orchestration for Empowered Teams, solution version 5.0.0 that provides the user interface for this app, see [Preview the user interface changes](#).

Release information

This document describes the TraceLink capabilities included in the Agile Process Teams, version 2025.5.0 app release, which is available on Validation on 04 Dec 2025 and Production on 18 Dec 2025.

The following apps are impacted by this release and will be updated to the version listed:

- Agile Process Teams, version 2025.5.0

Solutions supported by this app version:

- Process Orchestration for Empowered Teams, solution version 5.0.0

The features below are in order of functional relevance (i.e. the typical order in which a user executes a function or task).

 Use this preview for planning and impact analysis. All information in this preview is subject to change before the final release date. The final documentation is available in conjunction with the Validation release date. The final documentation might include resolved and known issues, if applicable.

Revisions

Date	Revision	Description
06 Nov 2025	01	Initial version.

API features

There is no new or updated API functionality included in this release.

System features

The following new or updated system functionality will be included in this release.

Store Documents in the Document Management Repository

This feature includes updates to TraceLink's internal APIs that are leveraged by the UI to deliver the [Store Documents in the Document Management Repository](#) feature in the Process Orchestration for Empowered Teams, solution version 5.0.0 release.

Impact analysis

The impacts for this feature are the same as the [Store Documents in the Document Management Repository](#) feature in the Process Orchestration for Empowered Teams, solution version 5.0.0 release.

Configure Number of Comments in Outbound Emails

This feature includes updates to TraceLink's internal APIs that are leveraged by the UI to deliver the [Configure Number of Comments in Outbound Emails](#) feature in the Process Orchestration for Empowered Teams, solution version 5.0.0 release.

Impact analysis

The impacts for this feature are the same as the [Configure Number of Comments in Outbound Emails](#) feature in the Process Orchestration for Empowered Teams, solution version 5.0.0 release.
